The committee having in charge the raising of the funds for this statue still lacks \$2,500 of the sum necessary to pay for casting the bronze statue, \$6,500.

FROM THE
NUMBER OF

CRAVENETTE COATS

We have already sold thus early this surely is a Cravenette season. Our close connection with the largest manufacturers of Cravenette garments in the country makes it possible for us to offer of a fresh shipment a beautiful Waterproof Cravenette at \$16.50 that is fully worth and sells everywhere for \$20. Some of them have automobile collars and lapels and others plain collars. We want you to see this garment, and if interested come early; they will not last long.

The best and most convincing recommendation we can give our Shoes is that we warrant every pair to give reasonable satisfaction. If they do not, "we make good." This accounts for us doing the good Men's and Boys' Shoe business of Maysville.

It is gratifying to us that upon our advice you have compared our fifty-cent (\$0.50) Underwear with others in town and were quickly convinced that ours is the best fifty-cent Underwear sold in Maysville.

REDFERN CORSETS

WHALEBONE

MISS ELWOOD comes from the designing room of the makers of REDFERN CORSETS.

While discussing fashions with our customers and the corset model necessary to produce correct figures for current fashions, she will explain the supremacy of whalebone as a corset stiffener over all other boning.

There has never been a corset or dress stiffener or any boning substance that has equaled in any degree, but one quality—lasting power—whalebone. If the boning substitute had lasting qualities, it lacked resiliency, or it lacked the flatness of whalebone or its lightness—it is conceded by all users of bone for dress purposes that no bone has all the qualities combined in whalebone. After testing all other boning substitutes for high-grade corsets, we determined to continue staking our reputation on whalebone.

We added to our line this year the newest Redfern styles.

You are cordially invited to visit our Corset Department during the stay of Miss Elwood. A purchase is not expected. The models will be explained and you may be fitted to the model suited to your figure and given the style number, purchasing at your convenience.

MARSHALL BLANTON

Meets An Untimely Death by the Accidental Discharge of His Shotgun

Marshall Blanton, aged 18, who lived with his parents about two miles below this city, was instantly killed yesterday afternoon about 1 o'clock by the accidental discharge of his shotgun.

Young Blanton and an older brother were on the river in separate boats duck hunting. They had crossed over and reached the Ohio shore, and in stepping from one boat to the other the unfortunate young man's gun was, in some manner, discharged, the entire load striking him full in the breast, making an awful wound and killing him instantly.

The family, consisting of father, mother and three sons, moved from Fleming county to

The funeral will take place tomorrow. The remains will be taken to Fleming county for burial.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Women's Ailments.
I am a woman.
I know woman's sufferings.
I have found the cure.
I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or White discharge, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.
I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 15 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Discharge and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always results from its use.
Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write today, as you may not see this offering again. Address

KENTUCKY TOBACCO

Estimate of 1909 Crop Made by the Department at Washington

The Department at Washington has just made public its estimate of the 1909 tobacco crop, both Kentucky and Ohio showing enormous gains over the 1908 crop.

The Kentucky 1909 tobacco crop is estimated at 350,700,000 pounds, as against 195,600,000 pounds in 1908. The yield for this State is 835 pounds per acre, as against 815 last year, and a ten year average of 823 pounds. The quality of the crop is estimated at 89%, as against 87 last year, and a ten year average of 87.

Ohio produced 69,930,000 pounds of tobacco in 1909, as against 33,768,000 pounds in 1908. The total tobacco crop of the United States this year is estimated at 895,184,935 pounds.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The suit growing out of a dispute over a small track of land between the Ohio valley farms of Dr. L. A. Grimes and Captain Stephenson, wealthy land owners of Adams county, Ohio, was decided in favor of the latter in the United States Court at Cincinnati, where it has been on trial the past week.

THE PUBLIC LEDGER apologizes to Dr. J. R. Cooper. It was merely a slip of the pen when we gave his name instead of Dr. A. O. Taylor, who was the physician in the Hechinger window when Galvani's subject was put to sleep. We assure Dr. Cooper that we hold him in high esteem as a good citizen and physician, as we do each and all of the profession in Maysville.

"GALVANI, THE GREAT"

He Came, He Saw, He Conquered

Maysville Mesmerized, Magnetized, Hypnotized, Advertised and Galvanized

Prof. Galvani Delivers the Goods and Performs Some Wonderful Psychic Tricks Yesterday

Convince a man against his will. He's of the same opinion still.

Or words to that effect. As to THE PUBLIC LEDGER's animadversions upon the so-called Psycho-hypnotic control of one human being by another, which particularly and pointedly appeared yesterday, we have only to say that our article has been utterly refuted by Dr. Galvani's most successful demonstrations yesterday afternoon and last night. Because we are a doubter of the proposition that one can arrogate to themselves the God-like and supreme mental and physical control of another, is no reason to condemn and crucify us in the forum of public gossip and opinion.

We are very glad that we take no stock in anything psychic, spiritual or supernatural, where man is supposed to wield the power. However, we are not inclined, nor are we prepared, to enter into any controversy over hypnotism or any other ism. We don't know.

As to the stunts performed by Dr. Galvani yesterday, one could not demand a more successful demonstration of his magnetic powers. He never failed in a single instance to do all he promised to do, and more.

The Editor of THE LEDGER hopes he is not pig-headed, neither does he claim to know everything and the price of it, but we do know when we are wrong and candor compels us to always acknowledge our errors and mistakes. Therefore we are pleased to say that the "manifestations" of Galvani have been fully investigated by several of our reputable physicians, and from the optical testimony of the writer and the other five members of the Committee who watched the Professor, we all honestly and unanimously indorse both him and his work as fully proving his wonderful power as a master of telepathy and hypnotism.

Not only this, but the Doctor is a clever, witty and astute gentleman, who adds to his psychic ability the sixth sense of profoundly understanding human nature.

Both "Galvani" and his gentlemanly Manager, Mr. Emerson, accepted good-naturedly all THE LEDGER said yesterday against him, and not only laughed over it, but otherwise enjoyed it and declared it was one of the best advertisements he ever had. Not so with some of our friends (?) who went up in the air and almost wanted to hang us.

Anyhow, all Maysville seemed to be entirely under the "fluence" yesterday, and we got our share of it.

"Galvani's wonderful telepathic drive," starting from Hechinger's store at 3 o'clock in a carriage after the three Committees, Thomas A. Davis and A. L. Merz; James Walton and James Purdon. Joseph Hechinger and the Editor of THE LEDGER, had each gotten articles from nearby stores.

The articles were three: A small rubber band from an ink well in the Bank of Maysville, a post card from Peor's Drugstore and a small box of soap from Straus' New York Store. The Committee then got in a carriage and drove down West Second street, and, to make a long story short, after visiting various places, the articles were securely hidden in

Murray & Thomas's monument shop. Coming back to Hechinger's Galvani was blindfolded and he driving the carriage at high speed went almost direct to the hiding place and after some very wonderful work he found all three articles in less than 20 minutes, while blindfolded, and again mounting the carriage he drove back to Hechinger's and succeeded quickly in placing two of the articles back in exactly the place and position we found them in. It was cleverly done, mystifying, and we don't know how or why.

At 7 o'clock last night, before a big crowd Galvani, removed his subject from Hechinger's show-window to the Washington Opera-house, where at 8:30 p. m. he was aroused from his 25 hours sleep, before the audience.

Galvani drew a big crowd at The Washington last night, where for over two hours he gave a splendid and satisfactory exhibition of his hypnotic power. The show was amusing, interesting and convincing. His putting his subject in a cataleptic state of rigidity, with head one chair and feet in another, while a hundred-pound rock was broken across the subject's body, and two men standing on his body, was gruesome but a fact. His hypnotizing a dozen young men and making them box, fight and hug each other, were among the other numerous interesting performances. It was all good.

Tonight he gives a farewell performance and a packed house is expected.

Friday, October 22d, a man representing himself to be a commercial traveler, and who gave his name as Philip Fisher, hired a rig at Coughlin & Co's. livery stable for a day's drive. When he failed to turn up at the stable in a given time a trailer was put on his track and the matter placed in the hands of Marshal Dan Miller of Ripley. Miller located the horse at Georgetown, O., where the fellow had sold the animal to an unsuspecting party. The horse was recovered and returned to Coughlin & Co's. stable yesterday. A warrant is out in Squire Pickrell's Court for Fisher on the charge of horse stealing and his arrest may follow at any moment.

Bad Breath

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles."—Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

The Gallipolis Tribune says that the steamer
Oriole is off the Kanawha docks and will re-
enter the Huntington and Gallipolis trade in
command of Captain William D. Kimble.

The Gallipolis Tribune says that unknown
river pirates went aboard the 25 Combine
barges left at the Kanawha docks for repairs
and stole several hundred dollars' worth of
lines from the fleet.

The steamer Ohio is still on the Parkersburg
docks. It is one of the best low-water
steamers on the Ohio River, and has been in
charge of Captain Maddy the past season in
the Pittsburgh and Cincinnati trade.

Prominent Paducah rivermen will ask Con-
gressman Ollie James to have Paducah put in
the Tennessee River engineering district and
will ask that the whole lower Ohio from Padu-
cah to the mouth of the river be placed in the
same district.

Captain Roe, Manager of the Kanawha and
Pittsburgh steamers, and Captain Gordon C.
Greene, Manager of the Greene Line steamers,
operating between Cincinnati and Pomeroy,
have made arrangements to exchange reship-
ping when navigation resumes for all points
up and down the river between Pittsburgh,
Cincinnati and Louisville.

DON'T EXPERIMENT

You Will Make No Mistake if You
Follow This Advice

Never neglect your kidneys.
If you have pain in the back, urinary dis-
orders, dizziness and nervousness, it's time to
act and no time to experiment. These are all
symptoms of kidney trouble, and you should
seek a remedy which is known to cure the
kidneys.

Doan's Kidney Pills is the remedy to use.
No need to experiment. It has cured many
stubborn cases in this vicinity.

Can Maysville residents demand further proof
than that contained in the following testi-
monial?

Mrs. Mary C. Evans, Vanceburg, Ky., says:
"I had troubles by disordered kidneys for fifteen
years. My back was very lame and I suf-
fered from a great many other symptoms of
kidney trouble. Doan's Kidney Pills helped me
more than anything I had previously used and
I am therefore pleased to recommend this
medicine to other sufferers."

ROYAL BLUE

For Laundry Use.

Is a very high grade of Blueing and specially
prepared with the utmost care. Gives clothes a
bright, fresh shade, with a beautiful lustre. It
does in no way streak the clothes, as these cheap,
inferior grades do. Many of the finest laundries
throughout the country use this Blueing daily with
perfect satisfaction. You will like it.
One ten-cent powder, put into a quart of clear
fresh water, will make you as much excellent
Blueing, in liquid form, as you pay 50 cents for,
and of a much better quality. You can make
half a pint of excellent Blueing ink by dissolving
the powder in half pint of water. Prepared by
